### French

Native

### English (TOIEC: 920/990)

Fluent, **C1**

### Portuguese (6 months in Brasil)

Fluent, **C1**

### Spanish

Intermediate, **B2**

## PERSONAL PROFILE

Reliable and rigorous engineering student, skilled in data sciences. In Australia for my gap year with a WHV starting in September 2022.

I am in Sydney to see the possibilities that life has to offer outside the classical European patterns and Occidental lifestyles.

## WORK EXPERIENCE & PROJECTS

2022 - 2023, Terrace on the Domain

### Waiter & Bartender

I worked as a waiter in a gastronomic restaurant in front of the Art Galleries of Sydney for 5 months. That taught me how you should behave in high-quality establishments.

November 2022, Sydney Backpacker Hostel

### Hotel Receptionist

I worked some weeks in a hotel to stay over there for free. This way I learned how to use a PMS software like Hostaway.

August 2021, Hospital Center of Melun

### Hospital Service Agent during Covid-19 pandemic

Considered as duty for the nation.

2018, Drouaire Company

### Customers Adviser

I was in charge of the welcoming customers in a company selling wood. Plus, I had to advise them depending on their needs and sell them the suited products.

## EDUCATION

2022, UFRJ in Rio de Janeiro

### Academic exchange in Brasil

I have done a six months academic exchange in Rio de Janeiro. The UFRJ, the 1st ranked university in South America represented an opportunity for me to improve my Portuguese linguistic skills, discover a new culture, and follow my cursus.

2020-2022, IMT Mines Alès

### Two years in the high engineering school IMT Mines Alès

It is an engineering school, among the top 10 in France, that dispenses among other computer science courses. I have already completed two years and I will do the last one after returning from my gap year.

You can find every detail about the formation [here](#).

2018-2020, Lycée François 1er in Fontainebleau

### Two-year intensive preparation courses

These courses are hard-working classes to prepare the students for the entrance exams to top french engineering schools.

2018, Lycée Blaise Pascale in Brie-Comte-Robert

### High School diploma, scientific option, equivalent to A Levels with honours

## ACTIVITIES & INTERESTS

### Black Belt in Judo

I practiced judo for fifteen years. This martial art has played quite a primordial role in my education. All along these years, my sensei taught me humility, self-control, perseverance, courage, honor, and respect. These remains the fundamental pillars of judo.

### Tedx Event Presidency

My peers have elected me to be in charge of the presidency of the Tedx conferences organisation. We have been working for a year to make this event happen, which will take place on the 30th of August 2022.
